Notice to all Deputy Clerks and Clerk of the Court. You may seek input from the judiciary. I cannot as they have yet to provide proof of jurisdiction and bona fides.

Challenging Color legal fiction; with full faith and credit this below applies to Oregon and federal corporate governances.

### California Brown Act – Open Meetings Act

Excerpt:

54950. In enacting this chapter, the Legislature finds and declares that the public commissions, boards and councils and the other public agencies in this State exist to aid in the conduct of the people's business. It is the intent of the law that their actions be taken openly and that their deliberations be conducted openly.

The people of this State do not yield their sovereignty to the agencies which serve them. **The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know.** The people insist on remaining informed so that they may retain control over the instruments they have created.

There are several cases filed, with docket numbers, by me. There are also filings by me into Bundy et al. that are included.

In the spirit of friendship and brotherly love, I propose that all the improper actions or ones that I or this court could have misconstrued as improper by me, the clerks and judiciary in this court known as Federal District Court of Portland Oregon and the man Ronald Charles Vrooman known by act of Congress to be one of the people, be put aside and each case examined together to determine any deficiencies in the paper work in chronological order.

In the quest for harmony and remedy.

With full faith and credit I do this under ORCP20A.

I claim, give notice and demand. I do not plea, petition, request, motion or supplicate.

Case filings into a court of record were removed by Brown's directions to the clerks in the Bundy et al. case. Provide proof of the governing law that enabled that act. Or by your silence you acquiesce. There is no law that permits her actions making the removal null and void. Thus the filings are active and need to be properly and lawfully dealt with...There is 30 days to comply or by your silence acquiesce to wrongful action by Brown in Bundy et al. Wrongful action is a due process violation.

Prior to that time I submitted a Notice and Demand to Mary clerk of court. It is unanswered to this date. Answer this document or by your silence you acquiesce to the document in 30 days from the registered date stamped on this copy. Due process violations.

This court thru its clerks and judiciary has neglected to abide by governing law. I have itemized proof. Agree to abide by governing law now and in the future or by your silence you acquiesce to your failure to do so. You have 30 days. Each failure is a due process violation acknowledged by your default. Incontrovertible evidence in the DC Claims court.

This court owes me \$800.00 in FRN that were erroneously collected and not returned when required to do so. I have the bogus excuse of no method to do so. That is insulting to me! Send to me \$800.00 in FRN, check or Postal money order in 30 days from the registered date stamped on this copy. Or by your silence you acquiesce to your culpability of due process violation. 18 USC 3571 at 250K penalty.

This court transferred cases to Eugene in error. McShane in Eugene, was identified as an Article III judge, has failed to provide proof. In addition to not providing evidence of his bona fides and jurisdiction, he demanded money and after being informed that no money was due to him or the court, he wrote an order, without jurisdiction filed in writing into the record, relieving an attorney for the Beaverton School District of discovery. Provide a correction letter to that attorney and to me that he was in error. Or by your silence acquiesce to your due process violation at 250K penalty. You have 30 days.

There is a Habeas Corpus filed into this court, on my behalf and assumed by me, which is still hanging undetermined. There are due process and a speedy requirement, in the governing laws, in place. The governing laws are being ignored. Part of this Habeas Corpus is a 2<sup>nd</sup> amendment violation by John Mercer, a self identified judge with no known bona fides or jurisdiction provided, this and other errors must be attended to. Or by your silence you acquiesce to my demands in the Habeas Corpus. After 30 days this copy will become a court order nullifying my conviction in the Beaverton Municipal Court. The receipt stamp on this document filed into this court with a recorded stamp and 30 days will be all the proof needed, to be entered into any court as proof of nullification of UC 7945181. Without equivocation, mental reservation or secret evasion.

There is no charge for file on demand as all my documents are.

Many of the actions looks like entrapment to me, as this court has been challenged to provide proof of jurisdiction filed into the record of this court and it has not done this. I am in pro se only when you can provide a court. It is guaranteed by the Constitution whichever one you took your oath on/to. t(T)he u(U)nited States of/for America they all say the same thing it is just word art and fraud upon the people and I am known as One of the People. In legislation it is intent that counts.

I do lawful not legal and supply my best effort. If there is deficiencies in my papers please inform me and I will correct them. That's the governing law. I will not however, accept jurisdiction without your proof. That's the governing law. I don't have the BAR or FARA identification that the judges and magistrates and attorneys in this court are required to have and is now demanded of all those so identified in their employment or professional records. My status is clear and this court knows it. That's the governing law. In writing address me as an Oregonian an American State National with all of my guaranteed rights not a US citizen. That is settled case law. After 30 days this copy will become a court order valid in any court. The receipt of this document into this court with a recorded stamp on my copy will be all the proof needed, plus 30 days to be entered into any court or corporate governance department or agency, such as the State Department in DC; as proof of my nationality; Oregonian a state National of the united States of America with all rights reserved.

I demand that this court/courthouse 740/clerk of the court protect my inalienable rights, civil rights and due process. In each and every instance!
